

THE END.

Looks like teaching is not a good idea for me. Maybe I should do something else.

I go to few high school later on, but all the schools let me leave because none of students like the way I teach. I feels very frustrate and lost. Now I am become a jobless.

In the beginning, students are enjoy that different creature's feature and specialty.

After a hours, some students feels that I is too annoy because they just want to enjoy to environment by themselves. They told me “I don’t want to learn animal's anatomy.” So some students just left and explore by themselves.

—  
Some student still don't like Adam that much, and they wants to let someone else to be their ecology teacher.

THE END.

In the end of year, I get a reward, "The Best Teacher in the County".  
I becomes the most popular and creatively teacher in the school.  
All students are love spend time with me.

I am so glad that I can spread my knowledge to everyone who love ecology. Knowledge is important for us.  
But more important is how we use a creatively way to present our insight.
