

THE END.

In the end of year, I get a reward, "The Best Teacher in the County".  
I becomes the most popular and creatively teacher in the school.  
All students are love spend time with me.

I am so glad that I can spread my knowledge to everyone who love ecology. Knowledge is important for us.  
But more important is how we use a creatively way to present our insight.

Restart

I ask my student if they find anything new or interesting. Everyone is so excited to talk about what they see and their thought. Sometimes, maybe self-explore will give people more profound impression.
