

THE END.

In the end of year, I get a reward, "The Best Teacher in the County".
I becomes the most popular and creatively teacher in the school.
All students are love spend time with me.

I am so glad that I can spread my knowledge to everyone who love ecology. Knowledge is important for us.
But more important is how we use a creatively way to present our insight.

Restart

My name is Adam. I just get master of ecology degree from Harvard University. I am very enthusiastic about ecology, but I not good at communicate with people. So I decide to go to a private high school because

I want to challenge myself to be a ecology teacher. I hopes I can lead more people to appreciate what we have right now.
